

CAPABILITY STATEMENT

Cryptographically verifiable data infrastructure for mission critical government operations

SIMBA Chain builds the trust layer beneath government data. We turn fragmented, unverifiable records into cryptographically signed, tamper-evident, real-time intelligence, giving program offices provable answers instead of paperwork.

Incubated at the University of Notre Dame from a DoD-funded research initiative, SIMBA has grown into the leading provider of decentralized, verifiable data infrastructure to the U.S. federal government.

CORE COMPETENCIES

- Verifiable Provenance** — Cryptographic, chain-anchored event signatures make tampering independently detectable by any authorized party, not just logged
- In-Transit Visibility** — Real-time custodial tracking with automated breach and chain of custody alerts
- Configurable Knowledge Graph** — New data categories and record types deployed in under 10 minutes, no code
- Zero-Trust Access** — Decentralized identifiers and verifiable credentials replace passwords and central user stores
- Secure Data Fabric** — Connects siloed legacy systems for predictive analytics without re-platforming
- Secure Enclave Development** — CUI/IL5-ready hosting environments for sensitive manufacturing and program data

DIFFERENTIATORS

\$25M+

SBIR / STTR R&D
AWARDED SINCE 2019

20-Yr

PAST PERFORMANCE

Program	Customer	Outcome
In-Transit Visibility	Army	POC across 10 live assets to Ukraine with hardware partner AKUA (IoT e-Seal locks); full non-repudiable chain-of-custody traceability, zero losses
Earth 616	Air Force	Tier 1/2 supplier data visibility for the KC-46 program; financial tracking via companion DiBaT tool
Shipment Tracker	DLA	Converted paper CBL/manifests to a real-time, cross-site queryable single source of truth via OCR/AI ingestion
ALAMEDA	USMC	Verified bill-of-materials and inventory tracking prototype, Depot Albany

Corporate Data

LEGAL NAME: SIMBA Chain, Inc.

UEI: HT9SYDMCKD77

CAGE CODE: 87B18

BUSINESS SIZE: Small Business

FOUNDED: 2017

University of Notre Dame

HEADQUARTERS:

510 W Adams St, Ste 45

Plymouth, IN 46563

NAICS Codes

- 541715 R&D — Physical, Engineering & Life Sciences
- 541511 Custom Computer Programming Services
- 518210 Data Processing, Hosting & Related Services
- 541614 Process, Physical Distribution & Logistics Consulting
- 511210 Software Publishers
- 517919 All Other Telecommunications
- 561990 All Other Support Services
